Mr. Walter Reid Wolf  
Central Intelligence Agency  
2430 E Street, N.W.  
Washington 25, D.C.

Dear Walter:

My son, Dennis, put in an application to the F.B.I. in Denver about three months ago. He checked there last week and was told that the application had been forwarded to Washington and that he would hear from Washington in due course. I realize that these things take months to clear, but would appreciate it if you could, without inconvenience, give some one a ring in the F.B.I. and put in a word for Dennis. I have never introduced Dennis to you, but if you feel you could recommend him on what you know of me, I would appreciate it very much.

With kindest regards,

Sincerely,

STATINTL
